

# Agrigoroaei Flavius

## Web developer.

I love designing and playing with algorithms. Intellectually curious.

## Technical skills

### Languages

JavaScript

Python

C/C++

### Technologies

Node.js & Express.js

React

jQuery, AJAX

Selenium WebDriver

Databases (NoSQL & SQL)

Templating engines (Liquid, EJS)

HTML & CSS

WordPress

Version Control

Bootstrap

API

### Knowledge

Web development

Responsive web design

Web automation

UI/UX

OOP

Design Patterns

## Education

**Faculty of Computer Science, UAIC**  
*2019 - present*

## Experience

### 33 Aya *(Technical Analyst, Jan. 2019 – Jan. 2020)*

Ecommerce website built on Shopify using its template system (Liquid), HTML, CSS, jQuery and the Shopify API. Also was in charge of their marketing and shopping platforms.

### Google Developer Student Club (UAIC)

*(Member since December 2019)*

As an active member of my university's GDSC, I participated in trainings about modern technologies and I worked with Google technologies to implement a large-scale project.

### Portofolio *(2nd place - FIIcode Phase I)*

Lightweight responsive content display framework that supports multiple formats built on Vanilla JavaScript and NodeJS w/ Express.js.

### FIIcode Website

Helped build the website for the 2020 FIIcode contest using a React.js front-end. Personally designed most of the dashboard's front-end. Site is available at **fiicode.asii.ro**.

### ASII (IT department)

Member of the IT department from October 2019 - February 2020.

## Soft skills

Ability to work under pressure

Adaptability

Problem solving

Analytical thinking

Decision Making
